Remarks: **The fire has transitioned back to ICT3 Courtright on 2/6/15. Sunny, dry, and windy conditions have elevated concerns with possible reburn in the uluhe fuels. Additional resources have been ordered to replace 6 person module already in place. T3 helicopter is assigned to the fire again as of 2/6/2015.**

Planned Actions: **Ground based crews will be inserted into the fire area to monitor fire behavior and identify hotspots where air resources can be effective in suppressing the fire.**
